

CRISTINA Muñoz-Reja Ruiz

DIRECTORA DE I+D+I DE ENUSA / SPAIN

- MsC Inorganic Chemistry and Solid State
- Degree in Science Chemistry
- Master in Quality Engineering

AREAS OF EXPERTISE

- **Nuclear fuel:**
 - Mechanical and thermomechanical design. Design codes and methods.
 - Fuel behaviour
 - Materials
 - Manufacturing
 - Fuel cycle management (from U mining to spent fuel final disposal)
 - ...
- **Quality:**
 - 6σ Black Belt
 - Statistical analysis
 - Process and quality control

BOARD/EXTERNAL ENGAGEMENT

- SNETP (Sustainable Nuclear Energy Technology Platform)
- OECD/NEA SCIP V (Studs vik Cladding Integrity Program)
- GA of the European Industrial Alliance on SMR (TWG2 and 7)
- PEPRI WG on Radioactive Waste Management (Spanish National Platform for R&D and Innovation in Radiological Protection)
