WHAT WILL BE NEXT ? - DATA MANAGEMENT

- **Create connection with KM Ambassadors for:**
 - Practical implementation of DMP in R&D and StSt WPs (permanent)
 - Collecting information about data sources, code sources
 - Improve data inventory and classification (format, size, content, etc.), code inventory (language, running platform, etc.) to be able to enhance data naming, code naming, standardisation
 - Etc.
- **Objective is to reach a global EURAD-2 common framework with main principles:**
 - Data integrity: accuracy and reliability of data.
 - Efficiency: data handling processes, saving time and resources.
 - Transparency: enhancing transparency and trust in research outcomes.
 - Future use: facilitates data reuse and sharing for future research.
 - ... including FAIR principles... → EURAD-2 Annual Event Data management session is tomorrow!

WHERE ARE WE NOW ?

- **KM Platform development initiation from EURAD-1:**
- **Survey & Data collection from partners**
- **Specifications** of the EURAD KM platform 🥲
- KM platform prototype and first try
- **Moving forward:**
 - Review of main objectives written in EURAD-1
 - Review of EURAD-1 survey feedback (raw data lost)
 - Review of KM platform specifications
 - Discussions about KM platform sustainable hosting on the long-term
 - Feedback of what happened in EURAD-1
 - Collection of needs and feedback from EURAD-2 partners
 - Writing final specifications

WHAT WILL BE NEXT ?

KM PLATFORM

- Task 5 partners will propose through next deliverables a revised and updated set of specifications
- The good place to host the future KM platform in a sustainable manner will be discussed with EC
- Establish and plan deployment of the KM platform (originally planned in EURAD-1 for Q4 2026)

INNOVATIVE AND ALTERNATIVE METHODS

- Develop and share guidance on proposing ideas and evaluation process (EURAD-2 second wave activities)
- Collect ideas from EURAD-2 community to develop new tools to enhance the role of KM in EURAD-2
- Implement chosen ideas

REPORTING

Milestones

- MS22 Memo on KM platform specifications update, including feedback from EURAD (-1)
M12
- MS25 Methodology memo on proposing innovative methods (Task 5.3 guideline)
M15

Deliverables

- D2.1 Report on the KM platform specifications
M 18
- D2.2 Report on implementation of innovative and alternative methods
M 18
